PROFESSIONAL SUMMARY

Results-driven DevSecOps, Cloud Engineering and Frontend Development professional with hands-on, project-based experience in cloud infrastructure, CI/CD pipeline automation, containerisation, secure deployment practices and responsive web application development. Skilled in AWS, Terraform, Docker, Jenkins, GitHub Actions, Ansible, Kubernetes, Git, Python, JavaScript, HTML5 and CSS3. Combines infrastructure automation and security-conscious delivery with frontend development to build reliable, scalable and user-focused solutions. Strong in systematic troubleshooting, continuous improvement and streamlining application deployment workflows, with a commitment to developing secure, efficient and maintainable digital solutions.

CORE TECHNICAL SKILLS

Cloud & Infrastructure: AWS, EC2, VPC, S3, RDS, IAM, Application Load Balancing (ALB), Auto Scaling

DevSecOps & CI/CD: Jenkins, GitHub Actions, Git, CI/CD workflow automation, secure delivery concepts

Infrastructure as Code: Terraform, Ansible, infrastructure provisioning, configuration management

Containers & Web Serving: Docker, Docker Compose, Kubernetes, Minikube, Nginx

Development & Web: Python, JavaScript, HTML5, CSS3, responsive web development, REST/API fundamentals

Tools & Platforms: Linux, macOS, GitHub, Visual Studio Code, Docker Desktop

SELECTED PROJECTS

AWS Scalable Cloud Infrastructure

Terraform | AWS | EC2 | VPC | ALB | Auto Scaling | RDS

- Designed and deployed scalable AWS infrastructure using Terraform Infrastructure as Code.
- Configured VPC networking, EC2 application infrastructure, Application Load Balancing, Auto Scaling and RDS.
- Troubleshot subnet, networking, load-balancing and database infrastructure issues.
- Documented repeatable infrastructure provisioning workflows for portfolio presentation.

Jenkins & Docker CI/CD Pipeline

Jenkins | Docker | GitHub | Git | CI/CD

- Built a CI/CD workflow connecting GitHub repositories with Jenkins and Docker.
- Automated application checkout and container-based deployment steps.
- Configured and tested Docker deployments and resolved Jenkins, Git and Docker integration issues.

Multi-Container Docker Deployment

Docker | Docker Compose | Nginx | Linux

- Containerised a multi-service web application using Docker and Docker Compose.
- Configured services, networking and Nginx-based web serving for a repeatable deployment environment.

Business Website Development

HTML | CSS | JavaScript | Web3Forms | SEO

- Designed and developed responsive business websites for TAMP Consulting, TAMP Education and TAMPOps.
- Implemented contact forms, newsletter subscriptions, WhatsApp integration, SEO metadata, social links, responsive layouts and custom 404 pages.

- TAMP Consulting: https://tampconsulting.space | TAMP Education: https://education.tampconsulting.space
- TAMPOps : https://tampops.tampconsulting.space

TAMP Marketplace Digital Commerce Platform

Full Stack | DevSecOps | Web Development

- Developed a portfolio project focused on a digital commerce platform, extending practical experience across application development and delivery practices.
- Project website:https://marketplace.tampconsulting.space

TAMPtools

Web Platform | Product Development

- Developing a collection of HR, diversity and self-service tools as part of the TAMP digital product portfolio.
- Project website: https://tools.tampconsulting.space

PROFESSIONAL STRENGTHS

- Problem-solving and systematic troubleshooting.
- Automation-first approach to repetitive engineering tasks.
- Continuous learning in cloud engineering, DevSecOps, Kubernetes and infrastructure automation.
- Business-focused implementation with attention to reliability, scalability and efficiency.

PROFESSIONAL DEVELOPMENT

Current focus: DevSecOps engineering, Kubernetes, advanced AWS, GitHub Actions, Ansible, cloud security, CI/CD security, container security, monitoring and observability.

EDUCATION

BSc. Biotechnology | University of Benin | 2015

CERTIFICATIONS & PROFESSIONAL CREDENTIALS

- AWS Certified Cloud Practitioner — Amazon Web Services (AWS)
- IBM Web Development Fundamentals — IBM Certification
- Associate Chartered Management License — Nigerian Institute of Management (NIM)
- Associate Chartered Human Resource Practitioners License — Chartered Institute of Personnel Management (CIPM)
